 James C. Lin
 January 1999 ACM SIGMOBILE Mobile Computing and Communications
 Review, Volume 3 Issue 1
 Publisher: ACM

 Full text available: [pdf\(734.57 KB\)](#) [Additional Information: full citation, abstract, references](#)

Although our knowledge regarding the health effects of RF radiation has increased considerably, it has become a focus of attention because of the accelerated use of RF radiation for wireless communication over the past few years. This article gives a ...
